DIGITALISATION OF OASL OPERATIONS REQUEST FOR PROPOSAL FOR THE SERVICE AND MAINTENANCE OF THE OASLRevAPP

The Office of the Administrator of Stool Lands is an Agency of State provided for in Article 267 (2) of the 1992 constitution of Ghana and established by Act 481, 1994, with the core mandate of mobilizing Stool Lands Revenue for disbursement to beneficiaries namely; Stools, Traditional Authorities and District Assemblies for development.

The processes for the mobilisation of the stool lands revenue have been manual over the years and this had led to inefficiencies in the collection of the stool land revenues. In 2020, the office requested the GIZ to assist us to digitalise the operations of the office. The GIZ agreed and assisted the office to develop an APP known as the OASLRevAPP through their Governance of Inclusive Development Program (GovID). The APP was to enable OASL to do electronic rent assessment, billing and payment while providing reporting systems among other things.

However, before the full completion and operationalisation of the APP, GIZ withdrew funding for the APP development. This has negatively affected the operations of the Office as we now rely heavily on the digital records.

In view of the above developments, we are requesting you as consultants who worked with GIZ in providing the service of developing and assisting in the roll-out of the OASLRevAPP to OASL and other institutions, to submit a proposal for the further development, service and maintenance of the OASLRevAPP and for capacity building of our staff so that the objectives of the Office in using digitalisation to enhance stool lands revenue can be achieved.

MAAME AMA EDUMADZE – ACQUAH (MRS.)
ADMINISTRATOR OF STOOL LANDS
